Medication Requirements

Your child’s registration packet indicates that he or she may require medication to be dispensed while at our program. In order for us to comply with New Hampshire Licensing requirements, you must provide the items listed below prior to your child’s first day of attendance at our program.

Non-Prescription Medications

If your child requires any non-prescription medication to be dispensed during our program hours you must provide the following:

1) The medication in its original container.

2) A “Medication Authorization” form (attached) granting permission for our staff to dispense the required medication during program hours, signed by the child’s parent/guardian.

3) All items must be placed in a labeled Ziploc bag and provided to our office at 4 Lake Street, Nashua, NH before the first day your child is scheduled to attend the program.

Your child cannot attend the program if the required items are not provided.

Our program staff do not have access to any medication being held in the school nurse’s office during our program hours.

Prescription Medications

If your child requires any prescription medication to be dispensed during our program hours you must provide the following:

1) The medication in its original container, with attached prescription label. The label must include the child’s name, medication name, strength, prescribed dose and method of administration.

2) If you do not have the prescription label, a Medication Order provided and signed by your child’s licensed health care provider is required and must include the child’s name, medication name, strength, prescribed dose and method of administration, frequency of administration, indications for usage, maximum dosage allowed in a 24 hour period and any special precautions or limitations regarding administration of the medication.

3) A “Medication Authorization” form (attached) granting permission for our staff to dispense the required medication during program hours, signed by the child’s parent/guardian and licensed health care provider.

EpiPen® and EpiPen® Jr. Directions

- Pull off gray activation cap.

- Hold black tip near outer thigh (always apply to thigh).

- Swing and jab firmly into outer thigh until Auto-Injector mechanism functions. Hold in place and count to 10. Remove the EpiPen® unit and massage the injection area for 10 seconds.

Twinject™ 0.3 mg and Twinject™ 0.15 mg Directions

- Pull off green end cap, then red end cap.

- Put gray cap against outer thigh, press down firmly until needle penetrates. Hold for 10 seconds, then remove.

SECOND DOSE ADMINISTRATION:
If symptoms don’t improve after 10 minutes, administer second dose:

- Unscrew gray cap and pull syringe from barrel by holding blue collar at needle base.

- Slide yellow or orange collar off plunger.

- Put needle into thigh through skin, push plunger down all the way, and remove.

Once EpiPen® or Twinject™ is used, call the Rescue Squad. Take the used unit with you to the Emergency Room. Plan to stay for observation at the Emergency Room for at least 4 hours.

For children with multiple food allergies, consider providing separate Action Plans for different foods.
