May 2020

Dear Adventure Camp Families,

Adventure Camp and the School Age Adventures team have been working collaboratively over the past couple of months to determine how we can best serve our community this summer.

With a heavy heart, we have made the difficult decision to suspend Adventure Camp for the 2020 summer. This was not a decision taken lightly but we believe it is the best way to keep our campers and staff safe this summer.

We are all disappointed and we know the news is disappointing to our camp families as well. Summer is a time where camp should be full of energy, fun, laughter, and joy as new friendships begin and memories are made. We will all miss camp this year.

We sought guidance from the American Camp Association, the Centers for Disease Control and the State of NH to explore every possible way to run camp safely and effectively before making this difficult decision.

Adventure Camp plays a vital role in the lives of our campers, staff and families. If the situation changes, and we are able to offer a modified program later in the summer, we will let you know.

We hope that you stay safe and healthy and look forward to returning to camp in 2021!

Stay well,

Christina Bunis

Adventure Camp Coordinator
